THE CHICAGO TEAMS ON EVEN GROUND AGAIN

The Nationals Won the Fourth Game of the Series by 1 to 0

The Victory Was Never Secure Until the Mighty Isbell of the Americans Went Out in the Ninth Inning—Attendance 18,385.

Chicago, Oct. 12.—The world's baseball championship series is again even, the local National league team defeating the American team by a score of 1 to 0. Each side has now won two games. Curiously enough, both victories have been on American grounds. The White Stockings have earned success on their rivals' field.

Alto, for the Americans, and Brown, for the Nationals, the pitchers who opposed each other in the opening game, which was won by Alto's team, again contested for supremacy today. Brown was at his best. He showed nerve, speed, control and intelligence in serving to the batsmen the kind of curves they like the least. He gave only two passes and allowed only two hits. He held the Americans hitless until the sixth inning, when, with two out, Hahn hit cleanly to center. Jones, however, promptly ended the inning by flying out to Schulte.

The Nationals looked dangerous as early as the second inning, when Steinfield hit to center and reached third on Tinker's sacrifice and Evers' out. Kling, always a formidable batsman, was up, and Alto, who had been attempting to pass him with the hope that Brown, the next batter, would go out easily, after the fashion of most pitchers. Kling, however, reached third on Steinfield's sacrifice and Evers' out. Kling, always a formidable batsman, was up, and Alto, who had been attempting to pass him with the hope that Brown, the next batter, would go out easily, after the fashion of most pitchers.

The Americans made the big hit for the game when Hahn reached first on Steinfield's sacrifice and Evers' out. Hahn, however, reached third on Steinfield's sacrifice and Evers' out. Hahn, however, reached third on Steinfield's sacrifice and Evers' out.

OKLAHOMA WOMAN DIES IN A SINGULAR MANNER

She Breaks Her Neck From a Fall, Struggling Over Her Husband As He Knells in Prayer.

Waukeo, Okla., Oct. 12.—Mrs. Phillip Sprout is dead from a broken neck and her baby daughter is so badly injured that it may not recover as the result of her struggling over her husband as he was kneeling in prayer at their home last night. Mr. and Mrs. Sprout had spent the evening with friends.

Returning home they prepared to retire, the husband going first to their sleeping room. While passing through the dark room with her baby in her arms, Mrs. Sprout stumbled over her husband's feet and in trying to save the baby from injury, struck her head against a washstand as she fell, breaking her neck and dying instantly. The child fell from her arms to the floor.

Inquiries by Cable Show that Silveira Has Touched at No Ports on the Western Atlantic.

New York, Oct. 12.—Wm. Nelson Cromwell, of counsel for Ceballos and Co., the investment firm which made an assignment on Wednesday last, with liabilities of between \$3,000,000 and \$4,000,000, having been forced to the wall, it is charged, by the declarations of the firm's Havana agent, Manuel Silveira, stated tonight that cable advices received during the day indicated that Silveira had not yet touched at any port in the United States or South America.

Mr. Cromwell declared that Ceballos and Co., representing three-fourths of the liabilities of Silveira, and Co., of Havana, had entire confidence in their special partner, Jose Beola, now in charge of their business in Cuba. Mr. Cromwell said that up to this time he had deemed it best to keep Silveira and Co. aloof but that the policy regarding the future of that firm would depend upon examinations now under way by agents in Havana and whose reports Mr. Cromwell said he is waiting for.

A CHICAGO LOCKOUT.

Contractors and Building Trades' Employees Unable to Make Terms.

Chicago, Oct. 12.—A lockout of 50,000 building trades' employees is threatened as a result of numerous sympathetic strikes on various buildings now being erected in the downtown district. At a conference today between officers of the union and several contractors no solution was reached, and at its close the contractors issued an ultimatum, which was in effect: "Return to work or stay away forever." In the tinners' and plumbers' unions there is a dispute as to which shall install pneumatic tubing. It is said that close to \$2,000,000 worth of contracts are tied up pending a settlement of the difficulty.

TAFT'S TALK TO CUBANS

No Time Set for Getting Out

The Americans Will Stay There Until the Machinery Runs Right.

There Until the Machinery Runs Right.

Havana, Oct. 12.—The United States, through its peace commissioners, is not ready to announce when it will withdraw from the island of Cuba and surrender the reins of government to the Cubans, but such action cannot be taken until the time arrives when fair elections are assured.

This statement was made by Secretary Taft today as a sort of valedictory address to the revolutionary committee with which the American commissioners dealt in inducing the rebels to cease hostilities and negotiate peace. The committee had a conference lasting an hour with Governor Taft, Mr. Bacon and Chas. E. Magoon, who is to succeed Mr. Taft as provisional governor, and at its conclusion the committee expressed satisfaction with the action taken by the provisional government.

This evening a committee representing many Americans in Cuba, presented to Messrs. Taft and Bacon an address expressing approval of the great services they had rendered to all residents of the island. Responding, Governor Taft expressed his sincere thanks. He said the approval of Americans and others had been of great assistance at the outset of the work.

The disarmament commissioners sent to Santa Clara province, Fernandez and Montegudo, have returned here and reported that they have disarmed and disbanded all the forces in that province. More than 8000 men have been disbanded and 1000 rifles surrendered to provisional government and have been brought into Havana. Reports of trouble in various places are pouring in, but Governor Taft says that investigation always shows them to be not serious.

WANDERING UTES TO BE TAKEN HOME

The Department Has Been Notified that They Engaged in Wholesale Robbery and Are Becoming Violent.

Washington, Oct. 12.—Secretary Hitchcock said today that as soon as the renegade Utah Ute Indians who are now in Wyoming reach the Crow Indian reservation the department will see that they return to their reservation in Utah, even if troops have to accomplish that end. This statement was elicited by a telegram received from the John Merton sheep camp dated at Gillette Wyo., reporting that the Indians are 150 miles from that town, and robbing sheep camps and killing cattle and game.

It was also said that they are now becoming violent. Immediate action is necessary. The secretary replied that the matter would have immediate attention. He said so long of the Indians are not on a reservation it becomes the duty of the state authorities to deal with them, but when they reach a reservation from which they are distant two days' march, the department will take the matter in hand and compel the Indians to return to their homes. He is convinced that the Indians are heading for the Crow country.

ARAB REBELLION.

The Turkish Troops Defeated in Every Battle.

IT'S A GREAT PARTY SAYS W. R. HEARST

Now That He Has Become Reconciled to It and is of It

In His Letter of Acceptance the Candidate Proudly Rar Himself With Jefferson, Jackson and Tilden, Those Demi-Gods of Democracy

Elmhurst, N. Y., Oct. 12.—William R. Hearst today formally accepted the democratic nomination for governor in a letter addressed to J. Connors, chairman of the democratic state central committee, and which was made public here today. The letter says, in part: "I accept the nomination of the democratic party, bearing in mind the record of that great party in the past and knowing that the membership of the party is determined still to be ruled by the principles of Jefferson and Jackson, for the best interests of the citizens, for the interest of any party, class or individual, seeking for special privileges."

"The line is now clearly drawn between special privilege on one hand and equal opportunity on the other. The democratic party, purged in this state of corruption and control and pledged to end the boss control through which corporations act, now has an opportunity to serve the people as efficiently as it did in the time of Jefferson and Jackson."

"The attitude that the democracy should take toward great capitalistic organizations now is precisely that of Jackson toward the United States Bank, which appeared as a menace in his day. The property rights of every man and of every organization of any kind must be respected. Let today, as in the days of Jackson, it is necessary to declare that no power shall rise up greater than the government, or which is menacing to the government."

"The democrats of today must demand that no man, no matter how great the wealth of individuals or corporations, that wealth must not be an irresponsible dominating power in the government."

"The people beyond any question demand open primaries and the passage of direct nomination laws, to bring the government directly under the control of the people."

"I accept the nomination of the democracy proudly, as I recall the great names from Jefferson to Tilden which the party has honored and that have honored the party. I accept the nomination gladly, realizing the opportunity for useful work which is offered to all of those that may be elected to offices as servants of the public, anxious to deserve the confidence of the people. I promise, if elected, to do all I can as a citizen of the United States to uphold the great principles of the historic democratic party."

MORAN'S CONDITIONS.

There Shall Be No Bryanism or Hearstism in Massachusetts.

Boston, Mass., Oct. 12.—District Attorney John E. Moran late tonight formally announced his acceptance of the nomination for governor tendered him by the democratic state convention. For several days there had been considerable doubt as to whether Mr. Moran would remain in the field. He has not accepted the resolution endorsing W. J. Bryan for the presidency which was adopted by the democratic state convention. He says the "Bryanism" and "Hearstism" must be eliminated from the contest. Mr. Moran made his announcement in a
